

FORD RANGER DRAWERS

BY AEROKLAS

JUNE 2018

PART NUMBERS

DOUBLE CAB

VGB3Z9940380A

DESCRIPTION

A secure, heavy duty (190kg load rated) drawer storage solution for tradesman, fleet and recreational users. Engineered for both on and off-road travel.

Drawer top load rated up to 110kg with flush mounted stainless steel tie down loops in each corner.

Bearing runner rails are composed of twice the material thickness than competitors' products that slide evenly under maximum drawer load (40kg/drawer).

Finished in durable water & stain resistant indoor/outdoor carpet on top and inside surfaces with heavy duty powder coated steel drawer faces & side fascia panels. Durable aluminum trims to reduce luggage or cargo damage.

Convenient removeable side wings to access storage space at the sides of the drawers.

FORD LICENSED RANGER DRAWERS

FEATURES & BENEFITS

- 1 › **Ford Licensed Accessory Twin Drawers** - Twin Drawers specific to all Ranger Double Cab models.
- 2 › **Durable Design & Finish** - Durable black powder coated drawer fronts and fascia panels in hammer tone finish. Aluminium edge trims to resist cargo damage, with no delicate plastic extrusions.
- 3 › **Lockable Latches** - Lockable stainless steel drawer paddle slam latches for added security.
- 4 › **Moisture Resistant** - Designed with highly moisture resistant indoor/ outdoor carpet over waterproof polypropylene substrate. These materials are also easy to clean.
 - › **Durable Top Panels** - Reinforced 12mm thick Polypropylene top panels for superior strength and durability.
 - › **Stronger Bearing Rails** - Bearing runner rails are rattle free, with twice the material thickness of competitors' products for even movement, durable and failsafe operation.
 - › **Vehicle Fitting Kit** - Industry unique mounting and reinforcement system ensures a highly durable and failsafe installation.
